PATHWAYS

Facilitating access to angel investors, venture capitalists and other types of finance. Creating pathways to engage new innovations and a new way of thinking.

CONNECTING

Creating an environment where Unstoppable entrepreneurs can foster extraordinary relationships with like-minded individuals from around the country, and the world!

CHANGING THE GAME

The Unstoppables movement is spearheading entrepreneurial spirit, with collaborative think tanks that act as a catalyst to launch, revolutionise and foster successful businesses that will have a profound effect on the business landscape in the future.

GETTING TO THE FUTURE FIRST

The collaboration of brilliant minds in the one place will bring about change to Australia, sooner. Getting to the future first is what these sessions are about. We are facilitating powerful insights into the future of the global business landscape based on the effect of current, emergent and new disruptive technologies. These activities are designed to predict and prepare businesses and entrepreneurs for the future.

We'll explore:

- The businesses at threat of becoming obsolete in the next decade and the ripple effect of this decline.
- What business opportunities are likely to emerge and those that will grow exponentially.
- What the low-hanging fruit business opportunities are and what business ventures will arise from these opportunities.

Priceless insights on how to position yourself for the upcoming decade will be shared. The development of businesses, partnerships, investments and collaborations will result from these activities and in-depth discussions. This part of the program will really challenge all of us to think outside the box.

ADVENTURE

This trip is about expanding everything you know and what you thought was possible. Life is an adventure, so let's take it to the next level. Prepare to power your purpose in the extreme elements of Africa. Get back to nature and get up close and personal with some of the world's most iconic game like lions, zebra, hippos, rhinos and elephants in their natural habitat, while challenging yourself to up your own game in life and business. The adventure goes beyond the physical, but to the mental and emotional to bring about radical ideas and change.

SHARE A LEGACY

This is an opportunity for you to engage in making a difference for the future generations of Australians. The Africa 2017 programme will include spending three days at the One Heart Village, a place of solace for abused and abandoned children of the region. Get hands-on with the children of One Heart Foundation through building, learning and games while connecting with local entrepreneurs and business people. This will encourage you to think beyond your expectations and to the legacy you will, or won't leave.

ENTREPRENEUR MATCHMAKING

The Unstoppables' very own 'speed networking' event will get your mind spinning. Members will be connected with other members to explore opportunities. Learn about fellow entrepreneurs, build relationships, and become investees, investors, collaboration partners, business partners, friends and learn to disrupt an industry and be mentored.

WORKSHOP IT OUT

Ideas that lead to greatness deserve to be preserved for life and that's why our voyage will have daily TEDx style workshops. Daily TEDx style workshops aimed at educating and exciting your entrepreneurial spirit will be delivered throughout the journey by our key players.

PEER-TO-PEER

A business will rarely outperform its leader. The level of business acumen available to the leader will determine at what point the business growth halts or slows. The best way to extend business acumen is to access the business brains of those who have already been there and done it. At the peer-to-peer roundtable discussions, we facilitate you being with the right person at the right time. This is where practical solutions for real time challenges are exchanged - you'll have access to the power of collective wisdom.

THE AGENDA

As one of the world's most captivating and diverse destinations, Africa is the nation chosen to host Unstoppables in 2017. Home to some of Earth's most enchanting landscapes and iconic creatures, it's the perfect landscape in which to challenge and inspire brilliant minds. From the boardroom to the Savannah Plains and everywhere in between, be prepared to face some of the fiercest game known to man. It will take you to your edge - and beyond. Being truly Unstoppable starts and stops with you...

In the foreground, the dark silhouettes of several animals, possibly zebras or wildebeest, are visible against the bright light of the sunset.

23 SEPTEMBER

24 – 27 SEPTEMBER

Bright and early Official Unstoppables Welcome, followed by a transfer to Wilson Airport for a private charter flight*to Masai Mara.

Here, you'll indulge in the serene landscape that engulfs you, and you'll get up close and personal with some of the world's most iconic wildlife as you go on safari in one of the most famous reserves, the Masai Mara in Kenya's southwestern corner.

In between spotting leopards and lions and watching hippos bathe along the river, you'll be channelling, finding and fuelling your inner purpose in a series of intense Unstoppables workshops and collaborating with some of the world's most brilliant minds in one of the world's most inspiring and raw settings – Africa.

You'll get in touch with your wild side from many angles – within the conference room, from the window seat of a 4x4 traversing the terrain in search of game; and from heights that linger above the plains with a hot air balloon cruise at sunrise that takes you to your champagne breakfast on the Savannah Plains. Your mind will be expanded beyond your wildest dreams.

Meet the kids and get to know the team from the schools, children's homes, farm and training centre. See first hand how the foundation empowers the lives of orphaned and abandoned children by providing an education, a family home and most importantly, love. You will have some of the most rewarding days of your life helping the One Heart foundation and the local community through building, maintenance, class lessons with kids, activities and games.

See the real needs and start to make a change. You will visit the street kids shelters, meet some locals and walk the streets of Eldoret and help spread the entrepreneurial spirit to see what opportunities might exist to work together to help break the poverty cycle.

A sure way to warm the heart will be when you share in a simple evening around a bonfire getting to know the One Heart kids over a traditional Kenyan meal.
